

Nature Photography Tips and Techniques

Saturday, September 11, 7 PM, \$5

Local naturalist and photographer Gene Lugo will present a slide show of his work and discuss the special planning and techniques associated with each image. Emphasis will be on the subtleties and nuances that can take a good idea and turn it into a stunning image—from the subject, its composition, understanding and using a camera's characteristics to post-processing. Bring your favorite images for viewing and discussion.

RESERVATIONS: sjuggernaut@beczak.org / 914.377.1900 x13

Beczak Environmental Education Center

On the riverfront, one block north of the Yonkers Train Station. Parking available.
